LANCE CORP. R. S. HODGE HOME AGAIN

Has His Left Hand Badly
Shattered And Unable to
Return to Trenches -- Was
Given Reception at Station

Lance Corp. R. S. Hodge, who left Redcliff for England with the 56th battalion, in March 1916, and who spent four months in the trenches in Flanders, returned home last Friday evening on the 7:15 train. As "Dick" is one of the pioneers of the town and had always taken an interest in it, he is well known and as a result there was a large crowd at the station to meet him. As he stepped from the train he was greeted with three hearty cheers and a tiger, after which he was escorted to Mayor Bell's car by the reception committee and he and Mrs. Hodge were taken to their home.

Lance-Corp. Hodge was wounded at Pys on Nov. 18th last and until he left for Canada had been a clerk in the hospital in England ever since. He was hit by shrapnel on the left arm and wrist and up till the present has no use of that member.

To the review Mr. Hodge said the failure of the Russians to carry out their promise on schedule time last spring was a great disappointment and seriously interfered with the plans of the allies at that time.

At the present, he says, there is nothing worrying the people in the "land." Although there is a slight drought in England ever since, he was hit by shrapnel on the left arm and wrist and up till the present has no use of that member.

Speaking of life in the trenches the returned soldier said: "No words could express the terrible nature of the conditions and at the same time would not tell of the strong feeling of brotherhood that exists among the men. There was not a single thought in the trenches, he said, and there was no place where the real Christian spirit was more in evidence than in the trenches. There every man has a different conception of life than he ever had before." He spoke of "faltering" terms of the efficiency and the training of the doctors at the front and in the base hospital, and said that notwithstanding the danger and the fact that the destruction of human life it had not kept pace with the development of medical science for the saving of the life.

Lance Corp. Hodge leaves next week for Calgary where he will undergo further treatment in the hospital there.

Farm Organizations

To Join Forces

C. Rice-Jones, returned from the Winnipeg meeting of the executive of the United Grain Growers of the Dominion, announces that the details of the giant amalgamation have now arranged and that they will be effective the first of the month. Next Saturday week the several great farm organizations embraced in the confederation will become as one.

Mr. Rice-Jones explained that the grand bond issue had been authorized by the company at the Winnipeg meeting as constituting a \$7,500,000 permit already granted by the Grain Growers company, and approximately a 2,500,000 issue additional, which will be used by the company for extension work, the building of elevators, warehouses, etc.

Distillers to Make

Alcohol for Munitions

DISTILLERS TO MAKE
Distillers throughout the United States will turn over their plants to the government for making alcohol for munitions. The government has the moment they close on September 8th under the food law.

The following statement was issued by the National Whiskey and Liqueur Dealers' Association:

"The plants will be subject to the government for making alcohol for munitions. Distillers are as necessary to modern warfare as artillery. It takes nearly two pounds of alcohol to make one of complete powder."

Children Do Good

Work on Tag day

The tag day held by the Red Cross society last Saturday turned out very successfully when it is remembered that none but small boys and girls took part in it. The youngsters were on hand early Saturday morning all anxious to do their bit to help the cause along. About a dozen children answered the call for assistance and they certainly worked faithfully until the last tag was disposed of. Of course no Red Cross collecting campaign would be complete without Mrs. P. Lawless. She was at it bright and early and turned in a tidy sum at the close of the day. For the children Florence Wray topped the list with \$15.15 and the McLaughlin girls came next with \$9.25. They are all deserving of great praise for the energy displayed throughout the day.

Hildenbrand-Ratiff.

At the home of the bride's parents, Fifth street, Redcliff, Miss Anne Emma, daughter of Mr. and Mrs. Fred S. Ratiff, and Mr. Alvin Louis Hildenbrand were united in marriage on Monday evening of this week. The ceremony was performed by the Rev. G. Lawson Gordon, in the presence of the family and Mrs. Gordon. Later the bride and groom, Mr. and Mrs. Hildenbrand, were accompanied by Messrs. Fraser and McGuire, and Harold McGuire, came in to express their congratulations and good wishes. In their names Mr. McGuire in an appropriate address, presented Mrs. Hildenbrand with a handsome gold watch. The young couple, after the while party had partaken of lunch, went to Medicine Hat and the bride and groom, Mr. and Mrs. Hildenbrand, were accompanied by Mr. and Mrs. White Salmon, in the state of Washington, where Mr. Hildenbrand is professor of science.

French Gain Ground

And Take Prisoners

The irresistible dash of the French troops took them beyond anything hoped for in Monday's fighting around Verdun, and gave them possession of both summits of Le Mort Homme, besides other heights and woods in the vicinity which the Germans considered invulnerable. The enthusiasm of the French troops over their splendid victory was so great that they decorated, notwithstanding fatigue and hardships, that they be permitted to advance further.

More than 5,000 prisoners have been officially counted and their numbers are constantly being augmented, as the caves and tunnels in the hillsides around, notwithstanding fatigue and hardships, that they be permitted to advance further.

Not only this, but in fighting off enemy air scouts who were endeavoring to observe the movements of the French attacking forces, the Americans played a conspicuous and conspicuous part.

The troops of the German crown prince were driven back mercilessly. During the night the French were engaged in consolidating the position gained, which at various points of the breach reached a depth of a mile and a half.

Places Western Crop

At 200,000,000 Bushels

The reports of the Canadian Bank of Commerce affecting the whole western Canadian country, as given out for publication on Monday morning, and as made up from reports covering all points throughout the west, indicate a total yield of 200,000,000 bushels of wheat for the Canadian western provinces. This brings the yield to a figure approximately that of 1916 for the western country as a whole. It is looked upon as a conservative estimate of the yield, though at present prices for wheat will make the Canadian product worth more in dollars and cents, perhaps, than any crop of wheat in the history of the country.

Canadians at Lens

Do Heroic Work

To the Canadians belongs the lion's share of allied success on the western front during the last few days. They still stand where they stood after their momentary setbacks, and their approaches of Lens last week Wednesday. Hill 70 is completely in their hands as are the positions west of the suburbs of Lens last week Wednesday. They were the objects Thursday night of three of the fiercest counter attacks yet delivered against by the Germans.

Princess Leopold's picked Bavarian and Prussian guards found themselves up the slope of Hill 70. Fortune smiled for a while. One of the Canadian wall of flesh and steel was crushed in at points by the sheer force of more flesh and more steel that was hurled against it.

The rising sun showed the Dominion troops where they were and also looked down upon rivers of blood and hillsides of corpses.

U. S. Troops Ready

To Fight I. W. W.'s

U. S. Governmental agencies placed themselves in readiness last Saturday to meet any situation which may develop in the northwest and on the Pacific coast as a result of the threatened I. W. W. strike August 25th in Washington, Oregon, Montana and Idaho.

Extreme measures, even to the dispatch of federal troops into the affected section will be taken if necessary. Troops will be sent only in case of serious disorder which local, state and federal authorities may be unable to meet adequately or to insure the non-interference of the industries.

320,000 Samnies

To Move to France

The first organization of the United States national army will consist of only 320,000 picked men and they will be moved to France quickly. Of the remainder of the 687,000 men to be called in the first draft, thousands will be assigned to fill up the ranks of the national guard and regular army regiments to the new war strength.

The others, numbering between 100,000 and 200,000 men, will be held as depot troops and used to fill vacancies in the first 320,000 as men are rejected or casualties occur. This became known last Saturday when the assignment of troops to the various units and the designation of the regimental commanders was announced.

REDCLIFF BOY GASSED

A. Symon, of this town, received word from his mother, last Monday, that his son, Charles, had been gassed on July 14th. As Mr. Symon had a field card from the boy, dated July 22nd, stating that he was all right, it is presumed he was gassed on August 14th. The message does not say whether or not the injuries are serious, but as no further word has been received there is no doubt he is progressing favorably.

Charles is well known here. For a time was on the Royal bank staff at this point.

Eckhardt's Coming

For Bed Cross

Arrangements have been made to have the Musical Eckharts give one of their popular entertainments here on Friday, Sept. 27, under the auspices of the Red Cross society.

It will be remembered that this same company played here two years ago under the same auspices and that the crowd which greeted them was delighted with their program. This year two new members have been added to the company and we are assured they are better than ever.

The entertainment will be given in the Amuse-U theatre. Prices will be adults 50c, children 25c. There will be no plan of the hall to be on time and get a good seat. Remember a consideration of the proceeds goes to the Red Cross.

Red Deer Liberals

Want Michael Clark

There seems to be a growing disposition among the Liberals of Red Deer constituency that some effort should be made to induce Dr. Clark to reconsider the decision already made. They are convinced that he is one of the ablest men in public life in Canada, and that with him in the fold there would be no real content in the riding, as the Conservatives would not likely contest the riding.

BOURN.

DAVIES—In Calgary, on Saturday, August 18, 1917, to Mr. and Mrs. Geo. N. Davies, formerly of Redcliff, a son.

NOTICE!

Notice is hereby given that the following described lands will be offered for sale by public auction, at Crowe's Hall, Broadway, in the Town of Redcliff, Province of Alberta, on Friday, August 31, 1917, at 10 a. m.

F. H. COURTNELL,

Secretary-Treasurer,

Town of Redcliff.

BOX SPRINGS STRUCK BY HAIL STORM

Some of Best Crops Badly
Damaged -- High Wind
Passes Over Town -- Fire
Alarm Sounded.

On Tuesday afternoon of this week the Box Springs district was visited by one of the worst hail storms ever seen in that part of the country. The hail was accompanied with a terrific wind and a regular deluge of rain. The hail passed over a strip of country about three miles long and hit the very best crops in the district. Most of the grain was in stock but this did not save it from the damaging effect of the hail, which was as large as hen's eggs and of solid ice.

The birds were not completely off the grain in stock and the grain which was still standing was completely battered into the ground. It is estimated that there will be a fifty per cent loss on the standing grain and at least twenty-five per cent loss in the grain in stock. The damage is estimated to be about \$100,000.

About the same time a terrific wind passed over the town and for a few minutes it certainly looked most dangerous. Fortunately, however, very little damage was done. Some small outbuildings were blown over and the new Baptist church, which is in the course of construction, got a shaking up.

As if to add to the excitement of the moment

THE SCHOOL.

Since the time is approaching for the re-opening of school after the summer holidays a little casting about on the part of the school board for some improvements in conditions the coming term might be advisable. Like any other organization, a school which is allowed to get into a rut and to run along year after year in the same old groove, with no attempt to keep abreast of the times, soon becomes a dead one and the children who attend it become disinterested and careless about their education. So do their parents. There is no doubt about it.

Since the question of the education of their children, and choosing an occupation or profession for them, is of such paramount importance to parents, it behooves every school board to do everything in their power to make it possible for our children to get all the education they can at home, while under the influence of the parental roof.

As a move in this direction we would suggest that the board get busy and see that the languages are taught in our school in future. At the present time one boy or girl who goes through our school has but one line open to him or her and that is the teaching profession, whereas by that time they should be in a position to enter college and take up any line of studies they intend following. This is not fair to the children who do not want to be teachers, nor is it fair to the parents of those children as it means they are put to this extra expense of having them taught what they should have been getting at least three years at school.

Redcliff is paying the price for such service and is not getting it and it is up to the board to see that we do.

We look for a big crowd here on Labor Day. Many of those coming will be here for the first time. Let us all do our best to make a good impression. Let us have our places of business decorated and the whole town present a regular holiday appearance.

Bad Hail Storm Around High River

Tuesday, just following the moon hour, High River was visited by the most terrific and destructive hail storm in the history of the district. The town of High River is practically the center of the area covered by the storm. In this area it is estimated there are at least 150 square miles, and the destruction was complete in a district which promised a return in crop sufficient to be a record.

I. W. W.'s Making Trouble in Alberta

The I. W. W.'s that mysterious organization of rascals, anarchists, unskilled laborers rapidly spreading throughout North America, are causing some alarm in different parts of southern Alberta. Reports of activity come from Vulcan, where they have been endeavoring to tie up harvesting operations at this critical season.

Across the line the I. W. W.'s have made much trouble, using up grain operations and going even further. Authorities there seem to have little doubt that the I. W. W.'s are financed by German agents.

It is altogether likely that a prohibition measure will be introduced in the British Columbia legislature by the government on Friday. It is not known yet whether the province will go dry on Oct. 1st or Jan. 1st next.

Winnipeg Liberals Condemn Convention

Several thousand Liberal electors of South Winnipeg enthusiastically observed declarations by various speakers, including Premier Norris, Attorney-General Hudson and James Fitzpatrick, K. P., condemning the work of the recent western Liberal convention; denouncing the continued leadership of Sir Wilfrid Laurier; and advocating a union government on win-the-war basis.

ITEMS OF LOCAL INTEREST

New fall line of ladies blouses, vails, silk, crepe de chene and Gorette crepe, at Gibson & Tupper's.

Estuary, a Saskatchewan boom town, was almost completely wiped out by fire last Monday.

It is reported that U. S. Food Controller Hoover has decided on \$1.65 as the price per bushel for wheat.

The annual Sunday school picnic in connection with St. Ambrose church will be held next Thursday afternoon.

We have our fall line of made-to-measure samples give us your order for pants, suits or overcoats. Gibson & Tupper.

Larinda Clare and Nona Current left last Tuesday for Calgary where they will attend Normal school. This makes four from Redcliff at Normal this term.

WANTED—Driver for delivery wagon. Highest wages and good permanent position to intelligent man or boy. Apply at once to Northwest Grocery, phone 70, S. E. Gust, prop.

C. P. Jamieson, formerly editor of the Medicine Hat Times, was admitted to the Alberta bar last week. Mr. Jamieson is well known in Redcliff and his many friends here extend congratulations.

Warren Higgins, manager of the Amuse-U theatre, was on a business trip to Calgary this week. He informs us that while there he made arrangements for a fine class of films to be shown at the theatre here for the next four months.

H. L. Wonnemaker received a letter from his brother, J. A., stating that he had recovered from his recent wounds and was now back in the trenches in France. He says the crops in France are in excellent condition and are being harvested mostly by women. Everything from a cradle to a binder is being used in the harvesting.

According to a report appearing in the Calgary paper last Tuesday, Nelson Spencer has withdrawn as Conservative candidate for the Dominion constituency of Medicine Hat. It will be remembered that at the Conservative convention held some time ago Mr. Spencer was the choice of the convention. He is, however, still the member for Medicine Hat in the local legislature.

G. G. Patterson received word from his brother at the front stating that he went through the Vimy Ridge battle and came out unhurt.

Fred Sutherland received and new last Friday informing him that his oldest sister died suddenly at her home near Ottawa.

Hon. Robert Rogers has tendered his resignation as minister of public works in the Borden government. His resignation was accepted.

We are still making special prices on gingham and summer dress goods. Now is the time to buy. Gibson & Tupper.

Mrs. Taylor, Mrs. Halford and Miss Taylor, all of Moose Jaw, are visitors in town this week, the guests of Mr. and Mrs. Geo. Taylor.

Owing to the rush of work coming in the R. R. Stoner plant here, it has been necessary for the foundry department to work nights.

Frank Munroe, brother of A. P. Munroe, formerly of Redcliff, who now at the front, was in town for a few days this week attending to some business for his brother.

J. Jartine received word this week from his son who has been training in England for the past few months, stating that he was leaving at night for the front.

Mr. and Mrs. Wm. Chambers and son Fred, of Hamilton, Man., who are on their way to the Pacific coast, stopped over here last Sunday and visited Mr. and Mrs. Ed. L. Stone.

H. W. Harper, manager of the Royal bank here, left Sunday morning by motor for Scott, Sask., where he will spend his holidays. During his absence W. O. Dodd, now of Lethbridge, is acting as manager.

In some unaccountable way our report of the open air concert given in his town park under the auspices of the managers of the Presbyterian church, got mixed up with the copy for the Labor Day program and was not discovered till after our last issue was out. The event was a great success and as a result the managers cleared something over fifty dollars.

Word reached town this week that Chas. Oakland, who joined the colors over two years ago and has been in England for over a year, is soon to arrive home. While in England he took seriously ill and was unable to proceed to the front. He was married in England some time ago but his wife is unable to return to Canada with him owing to the restrictions against women sailing.

We understand the Box Springs horsemen are getting ready for the horse races here on Labor Day.

The Red Cross ladies, who were canvassing in the surrounding country for supplies for the meal rooms on Labor Day, met with most gratifying success. Every farmer's wife in the district promised to bring something in for the occasion.
